Team Building

Crew Interaction

Working closely with each client, Arabian Diver can design a creative program that incorporates all facets of a successful team-building event on board “Lejaine”

CORPORATES

Team Building

For example: "A Day In A Life Of A Sailor"

Step 1: Explanations by the Arabian Diver Crew, Guest watching and learning.

Step 2: Guest sailing Lejaine from one point to another themselves.

Staff Outings

"Show me a Salesmen without a stimulant and I'll show you a dinosaur"

This is why we provide your team with a unique business environment which proves to your clients as well as your own staff that

Post Event Comments

It was a great experience and one of the best launches I have attended. Thanks guys!

Anil George, Editor, T3 magazine

It was to the point, lot of fun, practical and very informative.

Shiva, Editor, Friday Magazine

Just a note to say thanks for the dive trip. I had a great time & loved the products.

"A Day In A Life Of A Sailor"

The ability to get away, sometimes far away can produce those „blue sky“ ideas that are not possible in a normal office setting.

Creative work types need an environment to decompress, unwind, and recharge their batteries.

By developing and implementing high level executive retreats Arabian Diver promises to deliver a setting that refreshes the mind.

Our staff has the experience to create the ultimate executive outing!

What separates us from our competition?

- Our Yacht Lejaine
- Our Insurance
- Our 5-star Level of Service

Our Yacht Lejaine

Lejaine, our pride and joy, is a newly built customized motor sailing schooner. Her overall length is 25 meters by 7.5 meters wide. She is built as a Gulet Schooner with 2 decks. The top deck is divided into 3 main sections, the main salon captures an Arabian motif that is truly spectacular with a fully air-conditioned Bedouin tent imported from the Bedouin tribe of Al-Qusi. The well deck offers a fruit bar and dining tables made from Mahogany to ensure stability while sailing. The bow section is designed with a U shaped seating/tanning area that permits the guests to enjoy the true meaning of sailing.

In the lower decks, we designed another salon which is fully loaded with teaching aids, a video projector and state of the art entertainment system. As you continue to the aft of the schooner, you walk into the diving room. Also available is a fully equipped kitchen, 4 bathrooms with showers, and a changing room.
